

Fall 2016 - Spring 2017 Schedule

Spring seminars @1:00 PM in Room 6571 WIMR; (unless otherwise noted)

Date	Speaker	Topic
Sept 6, 2016	Chris Adams , University of Iowa	Investigating Mechanisms and Treatment of Skeletal Muscle Atrophy. <i>Seminar Flyer</i> <i>Host: Ying Ge</i>
Nov. 1, 2016	Steven Austad , University of Alabama at Birmingham	Why does eating less extend life? A novel evolutionary hypothesis. <i>Seminar Flyer</i> <i>Host: Joe Kemnitz</i>
Nov. 8, 2016	Stephen Dalton , University of Georgia	Regulation of pluripotency and cell fate decisions <i>Seminar Flyer</i> <i>Host: Rupa Sridharan</i>
Nov. 15, 2016	Duc Dong , Sanford Burnham Prebys Institute	Induced <i>In Vivo</i> Lineage Conversion Across Germ Layers <i>Seminar Flyer</i> <i>Host: Grace Boekhoff-Falk/Barak Blum</i>
Dec. 6, 2016	David Hawkins , Univ. of Washington - Seattle	ESC modeling of early human embryogenesis: a view through an epigenomic lens <i>Seminar Flyer</i> <i>Host: Rupa Sridharan</i>
Feb. 15, 2017	Craig Atwood University of Wisconsin-Madison	Pharmaceutical and Cellular Strategies to Restore Sex Hormone Balance <i>Seminar Flyer</i> <i>Host: Grace Boekhoff-Falk</i>
Feb. 16, 2017	George Souroullas University of North Carolina	Understanding the effect of oncogenic EZH2 mutations on chromatin and cancer <i>Seminar Flyer</i> NOTE Time and place: 12 - 1 pm, 3571 WIMR
Feb. 22, 2017	Brad Merrill University of Illinois-Chicago	Elucidating Tcf/Lef control of pluripotency in this brave new CRISPR world <i>Seminar Flyer</i> <i>Hosts: Rupa Sridharan/Barak Blum</i>
Feb. 23, 2017	Ahmed Mahmoud Harvard Stem Cell Center	Cellular and Molecular Regulation of Mammalian Heart Regeneration <i>Seminar Flyer</i> NOTE Time and place: 12 - 1 pm, 3571 WIMR
Mar.2, 2017	Mohan Malleshaiah Harvard Medical School, Dept. of Systems Biology	Uncovering cell states, their transitions and regulatory networks for cell engineering <i>Seminar Flyer</i> NOTE Time and place: 12 - 1 pm, 3571 WIMR
Mar. 9, 2017	Junsu Kang Dept. of Cell Biology, Duke Univ. Medical Center	Fishing for regulators of tissue regeneration <i>Seminar Flyer</i> NOTE Time and place: 12 - 1 pm, 3571 WIMR

Mar. 15, 2017	Aldrin Gomes University of California- Davis	"New Signaling Cascades involved in Hyper-trophic and Restrictive Cardiomyopathy" <i>Seminar Flyer</i> <i>Host: Ying Ge</i>
Mar. 16, 2017	Curtis Thorne Dept. of Pharmacology, Univ. of Texas Southwestern Medical Center	"Trust Your Gut: The Control of Growth, Patterning and Drug Response of the Intestinal Epithelium" <i>Seminar Flyer</i> NOTE Time and place: 12 - 1 pm, 3571 WIMR
Apr. 5, 2017	Xiang-Jiao Yang McGill University	"A novel chromatin-signaling axis in human diseases and mouse hematopoietic and neural stem cells" <i>Seminar Flyer</i> <i>Host: Emery Bresnick</i>
May 3, 2017	Dale Abel University of Iowa	"Platelet Mitochondria, Metabolism and Thrombosis" <i>Seminar Flyer</i> <i>Host: Ying Ge</i>
May 11, 2017	Anita Byattacharyya Waisman Center, UW-Madison	"Advancing understanding of developmental disorders with human stem cells" <i>Seminar Flyer</i> Seminar: 12 - 1 pm, 6571 WIMR; Chalk Talk: 1:30 pm, 4571 WIMR
May 17, 2017	Hanna Mikkola University of California, Los Angeles	"Transcriptional Control of Hematopoietic Stem Cell Self-Renewal" <i>Hosts: Emery Bresnick/Igor Slukvin</i>
